Hi Manali/Vaibhav ,

I am writing this to inform you that we will need some extra days to submit our final capstone submission .

As I was severely unwell for two weeks which really kind of hurt our progress and apart from that two of our team members are completely occupied with their production deployment for their respective projects in this month .

The current deadline is 22nd July . We would need atleast two weeks(By 5th August) to finish our final submission . It would be great if we hear on this as soon as possible .

Regards ,

Hi Pradosh,

I can understand, but it's not possible to get 2 weeks extension for this. At the most, I can help you with 1 week extension so you need to submit by 29th July or before.

Let me know if this sounds okay!

Thanks,
